VINTAGE NOTES

WINERY INFORMATION: Tara Wines is an exclusive project from Ventisquero Wine Estates. It is an invitation to connect, to celebrate, and to gather with our people. No matter the place, the region, or the country there is still the need to connect with the wine, to talk about them, to laugh, to remember why we are here to enjoy life.

SOIL: Calcareous, with alluvial stones, located in the 1st, 2nd and 3rd terraces of the River Huasco in the areas of Longomilla and Nicolasa. Both the soil profile and the waters of the River Huasco lend the wine a significant level of salinity.

FERMENTATION: The must was fermented with native yeasts in stainless steel tanks. There was no additional treatment nor were any products added to the grapes. After the fermentation, a small, one-off addition of sulphur dioxide was made.

AGING: 20 months; 50% in concrete eggs and 50% in French oak untoasted foudres. The objective is to produce a wine as close as possible in identity and character to the Atacama Desert. As it was neither clarified nor filtered, the wine looks cloudy with all the fine lees in suspension and some precipitation may occur, which gives a very special and unique character.

COLOR: Bright yellow

TASTING NOTES: A fresh, mineral wine. The mouth is tense and well-structured. The chalkiness and salinity of the soil come through in the palate. The nose reveals fruit, such as sweet cucumbers and apricots, as well as floral notes.
