

OSMOSIS®

DE-LIGHT-FUL Wines™

Rosé 2023

OUR VINEYARDS: Osmosis comes from our family's sustainably farmed, estate vineyard in Alto Agrelo, Mendoza. Located at the foothills of the Andes at 3,440 feet above sea level, the altitude gives the wine great acidity, and the warm days its full flavors.

HARVESTING: Our hand-harvested Syrah, Merlot, and Bonarda were picked at different dates in March and April. By working with different harvest dates and three different varietals, our winemaking team is able to use the different characteristics of each to create a Rosé that still tastes great even at the reduced alcohol.

SORTING & FERMENTING: After harvesting, the grapes are immediately brought to our winery, located just a few miles away from our vineyard. To ensure the best quality, they undergo a double manual selection to separate out the best grapes. The selected grapes immediately enter our special pneumatic press, whose nitrogen blanketing system ensures greater aromatic intensity. Each harvest is fermented in separate tanks, then blended together for the perfect balance and further aging on the lees for extra body.

WINEMAKING: Using proprietary techniques, we are able to gently reduce the wine's alcohol to 9% while maintaining 100% of the wine's natural taste. This resulted in an 85 calorie per 5 oz. serving Rosé. The wine is naturally dry with zero sugar, yet imparts the perception of sweetness from the juicy red fruit flavors combined with an elegant minerality. The wine is then cold-stabilized for one week.

BOTTLING: Our bottling line is located in our winery. Unlike many, we do not bottle the entire vintage at once, choosing to bottle throughout the year. To maintain optimum freshness and flavor, we keep the wine in stainless steel tanks until orders are received and bottle to order.

TASTING NOTES: Clear salmon color, pink hue, delicate rose, with mineral character, red ripe fruit, strawberry. Refreshing and balanced acidity. A nice elegant Rosé.

LABEL NOTES: The lively and celebratory Osmosis label was designed to reflect the integrity of the wine inside. As the label flows right, the colors become richer and more vibrant, seeming to dance as they represent the transformation of the wine as it gets more concentrated with flavors with fewer calories and less alcohol. Osmosis is the Best Better-For-You Wines, delivers all of the taste with less of the things you don't want.
