FOR TTB USE ONLY

QUALIFICATIONS

In order for your brand label to meet the minimum mandatory requirements, TTB has changed the application by designating an alternative label - the brand label. This adjustment does not impact the label(s) nor dictates that you change the placement of the labels on the container. The modification is simply administrative.

TTB has not reviewed this label for type size, characters per inch or contrasting background. The responsible industry member must continue to ensure that the mandatory information on the actual labels is displayed in the correct type size, number of characters per inch, and on a contrasting background in accordance with the TTB labeling regulations, 27 CFR parts 4, 5, 7, and 16, as applicable.

Flor de Cardon | *Anko* | CABERNET SAUVIGNON
Salta, Argentina

The high altitude wine country of Salta, nestled in the far northwestern corner of Argentina, is a very rugged mountainous desert. Our estate vineyards at **Estancia Los Cardones**, named for the area's majestic cacti which can grow as tall as 30', are indeed an oasis amid the surrounding desolate landscape.

The Cardon cactus is a protected species in Salta and vineyards are often planted around them. The Cardon flowers very rarely, usually only once every 8-10 years. It has a beautiful white flower that brightens up even this most desolate landscape.

Cabernet Sauvignon is the traditional red wine grape varietal of Salta. At Estancia Los Cardones, it shows a very unique expression. This wine is made from a parcel with very rocky soils of flat granite slate, lending savory herbal tones to the red fruit flavors and floral aromatics.
