**FOR TTB USE ONLY**

**QUALIFICATIONS**

In order for your brand label to meet the minimum mandatory requirements, TTB has changed the application by designating an alternative label - the brand label. This adjustment does not impact the label(s) nor dictates that you change the placement of the labels on the container. The modification is simply administrative. TTB has not reviewed this label for type size, characters per inch or contrasting background. The responsible industry member must continue to ensure that the mandatory information on the actual labels is displayed in the correct type size, number of characters per inch, and on a contrasting background in accordance with the TTB labeling regulations, 27 CFR parts 4, 5, 7, and 16, as applicable.

Cabernet Sauvignon

Enclave was carefully blended over more than a decade to find the perfect mix of grape varieties and perfect blend.

The wine is the result of the blend of vineyard vines of varieties Pinot Noir and John Duval, whose experience has been honed during the years that they have worked together creating high-end wine for Vito Vineyards.

From an "enclave" within Cabernet Sauvignon, the high end of the grape variety is the result of the John Duval's - his grapes are the wine Enclave.

The 2017 vintage is a blend of Cabernet Sauvignon, Cabernet Pinot Noir and Cabernet Franc. This vintage had ideal conditions with moderate temperatures and some rain late in the fall - perfect for the grapes and the vineyard. Conditions, planting in a cool and damp Cabernet Sauvignon. The result is a highly complex wine with structure and firm tannins and a noticeable sense of class and white grape.
